

Dear Parents/ carers,

Dining Services

We are delighted to announce that from April we will be partnering with catering specialists Harrison's to prepare and deliver the meals to Brookburn Primary School. We have carefully chosen to work with Harrison catering services as their vision is to encourage children to explore new tastes and make healthier food choices through their formative years, which will positively influence them throughout their life. Many of you have provided us with feedback regarding the school lunches and thank you for taking the time to do this as this has supported us in our decision-making process.

Founded in 1994, they are an award-winning company with an approach, wherever possible, to use quality, sustainably sourced, seasonal fresh food, including ingredients such as British free-range eggs and British-sourced fresh meat and poultry.

Harrison staff play an integral part in the success of their catering service, with learning and development high on their agenda. Training undertaken by the on-site catering team includes how to prepare and serve healthier food to children through their bespoke Eat Well Live Well© training programme.

What's on the menu

The menus Harrison's create will be bespoke for our school and based on age appropriate dishes with local tastes and preferences in mind.

During Summer 1, Harrison's will be appointing a new catering manager, will consult with pupils via year based focus groups and provide taster dishes for new menu ideas prior to launching the new menu in Summer 2. The menu will change with the seasons.

Allergen Information

Harrison recognises that some children may have an allergic reaction or intolerance to one or more commonly eaten foods and, therefore, has robust processes to assist the school in managing allergens.

What next?

Arrangements for choosing lunches will remain the same for now and we will be in touch as soon as we have more information to share with you.

Kind regards,

Jen Holden
Head of School
