

Wednesday 21<sup>st</sup> January 2026

Dear Parents and Carers,

We are delighted to invite you to our Energising Chorlton Science Fair and Presentation Evening on **Tuesday 24<sup>th</sup> March** at Chorlton High School.

Throughout Spring term, we will be exploring a science and sustainability project, exploring different types of energy, mapping ideas for Chorlton's future, and designing their own models and presentations. The Science Fair will be a fantastic opportunity for them to share what they have learned and showcase the work they have created.

**Event details:**

Date: Tuesday 24th March

Location: Chorlton High School

Family arrival: from 4pm

Pick up time: 5:30pm

During the evening, you will have the chance to explore the students' displays in the canteen and watch short presentations. This will be a celebratory event, and we hope you can join us to support the children's hard work. At the end of the evening, you will need to sign your child out with their primary school teacher.

We look forward to seeing you at Chorlton High School and celebrating the pupils' fantastic achievements.

Kind regards,

Ceri Armit  
Transition Coordinator
