

## Science

In science we will learn about plants. We will find out what they need to grow and what they can't live without. We will also look at the life-cycle of a plant and even grow our own plants.

We will also learn about the seasonal changes in Summer.

## English

In English, we will look at the story Oliver's Vegetables and 'The Naughty Bus' and use these as inspiration for our own pieces of writing. We will be consolidating the use of Year 1 writing objectives including using full stops, capital letters, finger spaces and adjectives.

We will also read and create our own non-fiction texts about Amelia Earhart and different methods of transportation.

## Maths

This term, we will be working on our problem solving skills. We will consolidate our learning from the previous terms and link this to the use of multiplication and division to solve calculations.

We will be using concrete objects and pictorial representations to support our learning.

## Art/DT

In Art, we will look at the artwork of Georgia O'Keefe and use this as inspiration to create our own flower artworks.

## Computing

This term we are going to program Beebots to move in specific directions around a map. We will also use the iPads to create a digital story based on Oliver's Vegetables. It will include inserting images, typing text and inserting sound clips.

## Enrichment

We will grow some plants in the allotments and observe their progress and growth over time.

## RE

In RE, we will begin by learning about the Jewish religion. We will also learn about what it means to belong to a faith community and the what makes different places sacred.

I like to move it  
move it!

## PE

In PE we will be learning to play team games using ball skills such as throwing, catching and kicking. We will think about what makes a good team player.

## Music

In music, we will look at tempo, volume and timbre. The children will learn to play their instruments to a pulse and rhythm of a song or rhyme.

## PSHE/UNICEF

In PSHE we will learn about staying safe. We will discuss which people around us we can trust and who can help us if we are worried. We will learn about how to have a healthy lifestyle and what we must know about medications.

## History

In History, we will learn about Amelia Earhart and her inspirational career in aviation.

## Geography

In Geography, we will consolidate our understanding of the world and the different countries around us. We will look at maps and journeys, considering appropriate transportation types for these.
