Dear parents and carers,

Re: Building Work in Key Stage 1

During the half term holiday, we have essential heating work taking place in school. Unfortunately, this is now going to take longer than the contractors had originally planned and we have been informed today that the work will have to continue after the half term holiday. It is now due for completion on Saturday 12th November.

These essential works will impact the KS1 area during the first two weeks after half term and the team are now working hard to ensure that children's learning continues as planned during this time. It is our priority that there is as little disruption for the children as possible and that the expectations and routines remain consistent.

Year 2

In order to make this happen we have had to make the decision to move Year 2 into our training room at the back of the school and to a classroom within the main building. We have planned for them to have additional opportunities to spend time in the Dolphin Den and Treasure Wood.

Drop off and pick up will remain the same for Year 2 for both weeks.

Year 1

Year 1 will stay in their classrooms for the first week and will move into the Year 2 classrooms in the second week. Drop off and pick up for Year 1 remains the same in the first week and further information will be sent after half term about the changes for Year 1 in the second week.

Please be assured that it is my priority that this essential work is completed so that the children and team can get back into their classrooms as soon as possible. KS1 have had a brilliant start to this year so I have no doubt they will take these changes in their stride.

Kind regards,

Jen Holden
Head of School
